Principal's Message

It was wonderful to see many of our parents at the recent Meet the Teacher Evening. Please remember that staff are always here to answer questions or concerns that you may have about your child.

As in previous years, our school will again be taking part in a network wide development day for all staff on Monday 9 March 2020 (Canberra Day). This means that the school will be non-operational on this day and alternative care arrangements will need to be made. In order to ensure students have the 'correct' number of learning days, there will be no staff development day on Monday 20 July 2020 (1st day of Term 3).

Congratulations to all of our students that competed in the recent District Swimming carnival. You all showed great determination and the school community is proud of your efforts.

The P&C are currently running a review of our school uniform. If you would like to have your say I would strongly suggest that you complete the survey if you have not already done so.
